

GUIDELINES

SCREENABILITY FILMMAKERS FUND

What funding is available?

Create NSW will contribute \$30,000 to each project and will appoint an Executive Producer to the projects. Producers will need to raise any additional finance to make their films.

We encourage applicants to approach industry facilities and negotiate deals, as well as crowd funding, distribution and other sources of funds to finance their project.

Who is eligible?

At least one of the three key creatives (writer, director, producer) of the project must identify as having a disability. By disability, we refer to the Social Model of Disability, using the term 'disability' to refer to barriers, rather than medical conditions or impairments. These barriers are seen as being the disabling factors, which prevent or limit opportunities.

Eligibility in this case covers people with sensory or physical impairments (including deaf people), hidden impairments, intellectual impairments, learning difficulties or mental health conditions, who face barriers accessing opportunities in the screen industry.

This fund is designed to support filmmakers intent on a career in the screen industry.

The Applicant must be the producer and must have a valid ABN and, if required by law, be registered for GST.

The Applicant may be an individual or a production company.

The Applicant must own or control the rights in the script and all other rights necessary to carry out the project.

The project should be production ready at the time of application and be capable of being delivered no later than by March 2018.

Teams comprising writer, director and producer are eligible.

A team must comprise of at least two members, and all teams must include a producer.

One person cannot be both the producer and director on the project. However, writer/director or writer/producer are eligible.

The key creative team may include only one person who has substantial previous professional (i.e. paid) film or television experience as a writer, director or producer.

The “key creative team” normally means a writer, director and producer.

A different set of key creatives may apply on non-linear projects, digital media or animation. The key creatives must all be permanent residents of NSW.

Previous Emerging Filmmakers Fund (EFF) and Generator: Emerging Filmmakers Fund (GEFF) recipients are not eligible to apply to Screenability, however any key creative who has previously been a recipient of EFF or GEFF are eligible to apply in a different role (eg a producer can be a writer etc.)

All key creatives must demonstrate an intention to develop a career in screen content creation.

Create NSW is committed to supporting increased participation in the industry of people from under-represented groups including women, Aboriginal and Torres Strait Islander peoples, people from CaLD backgrounds, people with disability, LGBTIQ people, people from western Sydney and people from regional NSW.

Priority will be given to teams including people from under-represented groups.
